

METAmerision

Implementing & Providing Recovery-Oriented Programs and Services.

Phoenix, Arizona

Join us for an exciting three-days and learn about transforming your organization's programs and services to a recovery-oriented delivery system.

In 2000 we created a vision of recovery for all through a transformation that would put the person first in all our services. The fundamentals of this transformation include: the message of hope; wellness and recovery education; lots of peer support; and integrating peer providers on our teams as Peer Support Specialists, recovery educators, and as role models of recovery.

Today, Recovery Innovations of Arizona (RIAZ), employs a workforce of over 300 full and part-time employees. Approximately 60 percent of our employees are peers, filling positions ranging from executive and senior management to frontline staff. RIAZ provides peer supported crisis services, recovery based housing, peer support and self-directed services, recovery education classes, an Associate's Degree in Recovery programs as well as vocational services.

We are very excited to share what we have learned along the way in the following learning-centered workshops:

Workshops and Tours.....

- Recovery & Transformation, Creating the Evolution
- Peer Support and Self-Directed Recovery Services; discover the power of peers on a team
- From Day Treatment to Recovery Education
- Participate in classes at the RIAZ Recovery Education Center
- A Meaningful Career; Developing a Peer Workforce
- Peer Supported Crisis Services; tour the Living Room
- Self-Sufficiency in Community Living and RESTART; a Recovery Model for Housing
- Tour Wellness City
- Networking with other workshop participants, building knowledge and professional relationships

Workshop Faculty Leaders

Lori Ashcraft, Ph.D. Executive Director, Recovery Opportunity Center. Dr. Ashcraft has over 30 years experience providing mental health services. Most recently she has directed the development of META/Recovery Innovations recovery-oriented programs throughout the Phoenix metropolitan area with over 350 classes taught each month at over 20 locations.

Eugene Johnson, L.C.S.W. As the President/CEO and founder of META Services-1990/Recovery Innovations-2007, Mr. Johnson is committed to a vision of recovery for all and has implemented recovery oriented services that have transformed the agency's programs and services.

Many other Recovery Innovations leaders will be leading and participating in the workshops

Cost: \$595 for all three days
